EXPERIENCE OR OPEN SOURCE

Talawa API

github.com/palisadoesFoundation/talawa-api

- Talawa is a modular open-source project to manage group activities of both non-profit organizations and businesses widely used in the country of Jamaica
- Create **APIs** in **GraphQL** using **ExpressJS** and **MongoDB**
- Research on **Optimizing the query response time** using proper implementation of Data Structure
- **Improve** the Existing **Mutation and Query**
- Find all my pull-request [here](#)

Tensorflow

github.com/tensorflow

- An Open Source Machine Learning Framework for widely used across the globe
- Create **Example Models** in **Tensorflow** and **Keras**
- Maintained Documentation
- Find all my pull-request [here](#)

PROJECTS

[integrateme.co](#)[Django, ExpressJS, MongoDB]

Nov 2021

- integrateme.co helps you to integrate different services easily using their APIs
- It Can cross-post Blogs Between dev.to, medium and hashnode
- Sync GitHub issues with Notion
- Created the whole backend infra
- Created **REST APIs** following a **microservice** architecture
- Over 500 active users per day
- More Details on this at uzair.biz

[shorten.codes](#)[ExpressJS,MongoDB]

Jan 2021

- A URL redirect service, handling over **1,000 requests at peak load**. **Improved latency** and throughput using hashmaps, **caching** and multi-threading.
- Used **JWT** for handling the Auth and **MongoDB** as primary Database
- Used Express and Node JS for creating and managing APIs
- Hosted the application on **heroku**
- Wrote a blog post describing backend for this project, [find it here](#)
- More Details on this at uzair.biz

TECHNICAL SKILLS

Languages(Proficient): Python, C++

Languages(Familiar): Javascript

Frameworks(Proficient): Django, ExpressJS, MongoDB, NodeJS, Redis, REST APIs, GraphQL

Developer Tools: Postman, PostgreSQL, Git, Github, Heroku, Azure

Others:Data Structure and Algorithms, System Design and Scaling up a Service

AWARDS AND VOLUNTEER EXPERIENCE

- **Hackathon:** 1st Runner-up at [Hackout](#)
- **Hackathon:** 1st Runner-up at [HackmaFest](#)
- **Hackathon:** 2st Runner-up at [API-Hacks](#)

EDUCATION

Kalinga Institute of Industrial Technology

Bhubaneswar,India

B.Tech in Computer Science and Systems Engineering

September 2020 – Expected October 2024

Secured **9.64 CGPA** in 1st year
